

News from Kingspan

KINGSPAN KOOLDUCT TRAVELS THE WORLD

After many years of close working relationships with PAL International SRL, initially as a supplier of rigid phenolic insulation for the KoolDuct pre-insulated Ducting System and latterly responsible for the marketing of the System within dedicated regions, Kingspan Insulation Ltd are pleased to announce that they acquired the rights for the PAL pre-insulated ducting systems including KoolDuct with effect from 01 May 2007 for all geographic areas except the United States of America.

Kingspan Insulation Ltd is a division of the Kingspan Group plc and is the leading producer of rigid urethane and phenolic insulation boards in Europe. Further information can be gained by visiting the Kingspan Insulation website at www.insulation.kingspan.com or the Kingspan Group website at www.kingspan.com.

Kingspan Insulation sees the KoolDuct pre-insulated ducting System as an area of significant opportunity and believes its involvement will accelerate its growth.

Kingspan Insulation is pleased that Giovanni Vincenti, the developer of the system and the owner of PAL International SRL, is remaining involved in the business as a Consultant Director (Export). All other services offered by PAL International SRL are being transferred to Kingspan Insulation Ltd, Pembridge, Herefordshire HR6 9LA, UK.
